## SUMMARY

To leverage my strong problem-solving skills in Java programming and expertise in React, I am seeking an entry-level position in Frontend Development. Proficient in communication, collaboration, and technical documentation, I am eager to join a team that fosters continuous learning, growth, and contributes to a company's success while aligning with its vision and goals.

## EDUCATION

**B.Tech (Computer Science) | 8.66 CGPA** June'23  
Rajiv Gandhi Proudlyogiki Vishwavidyalaya, Bhopal, MP

**XII (CBSE BOARD) | 70%** June'19  
St. Pius H. S. School, Khandwa, MP

**X (CBSE BOARD) | 9.4 CGPA** June'17  
St. Pius H. S. School, Khandwa, MP

## SKILLS

- Proficient in **Java Programming Language**.
- Skilled in Web Technologies: **HTML, CSS, Tailwind CSS, JavaScript, React**.
- Knowledge of **OOPs, Data Structures, SQL, Firebase**.
- Familiar with **Twilio, EmailJS, AWS S3, AWS Route 53**.
- Strong problem-solving and strategic thinking.
- Self-motivated, team-oriented and responsible.

## TRAINING AND EXPERIENCE

**Frontend Developer - Freelancing, Remote** Feb'24-Present

- Currently working on a **live project** using **React.js** and **Tailwind CSS**.
- Nearing completion of the frontend; initiated backend implementation.
- Updating the website based on client requirements.

**Java Development Internship - CodeAlpha, Remote** Oct'23-Jan'24

- Enhanced problem-solving skills through coding challenges and debugging.
- Applied **OOP** principles and design patterns for maintainable code.
- Developed a real-time chatting application using **Java**.

**Web Development Internship - Corizo Edutech, Remote** Aug'22

- Gained a solid foundation in **Web Development** methodologies and tool.
- Created responsive and user-friendly web interfaces

**Web Development Internship - Madss Software Solutions Pvt. Ltd., Indore** Apr'22-May'22

- Completed a 90-hours training program focused on **Frontend Development**.
- Acquired practical experience in **HTML, CSS, JavaScript**.

**Core Java - NetLink Infotech Private Limited** Aug'21-Sep'21

- Skilled in fundamental **Java** concepts: **exception handling, collection** and **loops**.
- Applied **object-oriented programming** principles to conceptualize and create Java Projects.

## PROJECTS

**Tax Consultancy Website- Freelancing Project**

- Designed and developed a user-friendly platform using **Web Technologies**, leveraging **Figma** for intuitive interface design.
- Frontend crafted with **React**, incorporating features like **EmailJS, Login/Sign-up, Application-Form**, etc.
- Integrated **Firebase** for backend functionality, ensuring seamless data storage, authentication, and other backend services.
- Continuously enhancing platform to meet evolving client needs.

**Chatting Application ([Source Code](#))**

- Developed a robust Chatting Application with **Java Swing**.
- **Socket Programming** for real-time communication.
- Delivered a user-friendly messaging platform.

## CERTIFICATIONS

- **MS-Office** - Certification by NetLink Institute of Technology
- **AI-Tools** - Certification by Be10X
